PROJECT MANAGER Sonia Beshay
COMPLETED July 2009

SCOPE OF PROJECT

The project scope involved demolition of the existing building and construction of a new 7,000 sf office building. The one-story building had a concrete spread footing, masonry exterior and a flat roof. The interior electrical fixtures included multiple high-end lighting systems. Site development included enlarged concrete plan sidewalks, asphalt service drive and the development of new parking areas. Civil, architectural, mechanical and electrical trades were utilized.

This project is LEED certified.
